

MDCWALL Installation Guide

Thanks for choosing our MDCWALL remote control.
We strongly recommend that you read this manual carefully before installation.

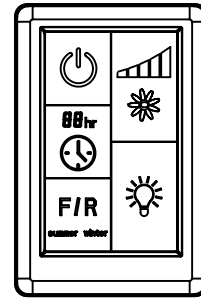

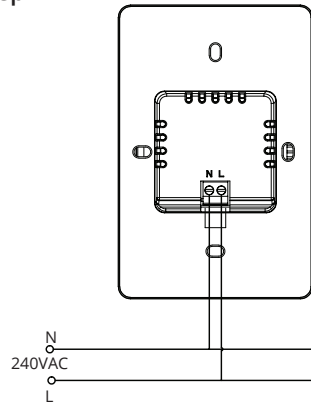

Installation Instructions

Step 1

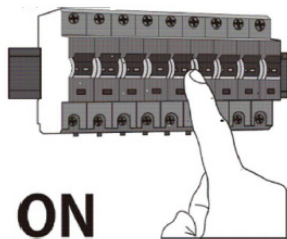

Switch off the mains.

Step 2

Wire MDCWALL as illustrated.
Finish the installation with two screws supplied.

Step 3

Switch on the mains.

Step 4

When mains is ON.
All icons will appear on the LCD screen
about 2 seconds. Wait for another 10
seconds until the backlight turn off.

Step 5

Turn on ceiling fan power for pairing receiver, touch and press  about 5 seconds, the receiver will make a beep sound. This indicates the receiver has picked up the frequency that was selected on the transmitter.
NB: After the mains is on, do not press any other button on the transmitter before pressing  button as this will cancel the process.

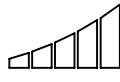

After completing the step above, you should be able to operate the ceiling fan and light from the wall controller. If the fan is not responding, please turn the power off to the receiver and repeat the above step again.

WARNING Installation **MUST** carry out by a qualified and licensed electrician.
